## PROFILE

Electrical engineer (B.Sc. Electrical & Electronics Engineering) with eight years as a project engineer at Taufika Engineering Ltd., delivering electrical works for commercial, industrial and government buildings: low-voltage (LT) substation design, lightning protection systems and AutoCAD layouts, with projects run from proposal and budget to site execution and handover. In Berlin since 2024, working on-site at data centers and enterprise sites. Looking for a full-time role as an electrical engineer, project engineer or data center facilities technician. Available immediately and open to relocation within Germany and internationally.

## CORE COMPETENCIES

**Electrical Design:** low-voltage (LT) substation design (Niederspannung), lightning protection systems (Blitzschutz), electrical layouts, technical drawings, as-built documentation

**Project Management:** planning and scheduling, budgeting and cost control, proposals and tender documents, client and contractor coordination, site supervision, handover

**Software:** AutoCAD, Microsoft 365 (Excel, Word, Outlook, Teams), Python

**Site & Infrastructure:** structured cabling, rack and stack, installation of switches, firewalls and wireless access points, data center site work

## PROFESSIONAL EXPERIENCE

### Electrical Project Engineer

09/2016 – 08/2024

**Taufika Engineering Ltd.** | Dhaka, Bangladesh

- Designed low-voltage (LT) substations for commercial, industrial and government building projects.
- Designed and laid out lightning protection systems for buildings and industrial facilities.
- Prepared electrical layouts, technical drawings and as-built documentation in AutoCAD.
- Prepared proposals, work plans and budgets, and tracked costs to keep projects within budget.
- Managed projects from planning to handover, coordinating clients, contractors and site teams and supervising on-site execution.
- Set up site office IT (computers and basic networks) and supported site staff with hardware and software issues.

**Key projects:** 13 Buffer Godown Complex (Government of Bangladesh), Colotex Apparel Ltd., Lovello Factory, office and residential buildings

### IT Support Assistant (Freelance)

10/2024 – present

**Console IT · Technova Technologies · Brilliant Techno Services Ltd.** | Berlin, Germany

- Work on-site at enterprise locations, including the Vantage data center (BER 11), following site safety rules and client procedures.
- Carry out rack and stack work and structured cabling; install, configure and troubleshoot switches, firewalls and wireless access points.
- Write clear job notes and hand-over documentation so the next shift can continue without delay.

## EDUCATION

**B.Sc. Electrical & Electronics Engineering** | United International University, Dhaka — 2009 – 2015

**M.Sc. Data Science** | IU International University of Applied Sciences, Berlin — expected 10/2026

Thesis: Deep learning with explainable AI for multimodal Parkinson's disease detection (Python)

**M.Sc. Computer Science & Engineering** | Uttara University, Dhaka — 01/2022 – 02/2024

## PROFESSIONAL MEMBERSHIP

**Member (M41712),** The Institution of Engineers, Bangladesh (IEB), Electrical Engineering Division
