PROFILE

Highly motivated electrical engineer with eight years of project experience and a passion for safe, reliable electrical systems. At Taufika Engineering Ltd. I designed low-voltage (LT) substations and lightning protection systems and took projects from proposal and budget to site execution and handover. Since 2024 I have worked on site at data centers and enterprise locations in Berlin. Eager to embrace new challenges, I am looking for a full-time role as an electrical engineer, project engineer or data center facilities technician where I can contribute to team success. Available immediately and open to relocation within Germany and internationally.

CORE COMPETENCIES

Electrical Design: low-voltage (LT) substation design (Niederspannung), lightning protection systems (Blitzschutz), electrical layouts, technical drawings, as-built documentation

Project Management: planning and scheduling, budgeting and cost control, proposals and tender documents, client and contractor coordination, site supervision, handover

Software: AutoCAD, Microsoft 365 (Excel, Word, Outlook, Teams), Python

Site & Infrastructure: structured cabling, rack and stack, installation of switches, firewalls and wireless access points, data center site work

PROFESSIONAL EXPERIENCE

Electrical Project Engineer

09/2016 – 08/2024

Taufika Engineering Ltd. | Dhaka, Bangladesh

- Designed low-voltage (LT) substations for commercial, industrial and government building projects.
- Designed and laid out lightning protection systems for buildings and industrial facilities.
- Prepared electrical layouts, technical drawings and as-built documentation in AutoCAD.
- Prepared proposals, work plans and budgets, and tracked costs to keep projects within budget.
- Managed projects from planning to handover, coordinating clients, contractors and site teams and supervising on-site execution.
- Set up site office IT (computers and basic networks) and supported site staff with hardware and software issues.

Key projects: 13 Buffer Godown Complex (Government of Bangladesh), Colotex Apparel Ltd., Lovello Factory, office and residential buildings

IT Support Assistant (Freelance)

10/2024 – present

Console IT · Technova Technologies · Brilliant Techno Services Ltd. | Berlin, Germany

- Work on-site at enterprise locations, including the Vantage data center (BER 11), following site safety rules and client procedures.
- Carry out rack and stack work and structured cabling; install, configure and troubleshoot switches, firewalls and wireless access points.
- Write clear job notes and hand-over documentation so the next shift can continue without delay.

EDUCATION

B.Sc. Electrical & Electronics Engineering | United International University, Dhaka — 2009 – 2015

M.Sc. Data Science | IU International University of Applied Sciences, Berlin — 10/2024 – 10/2026

M.Sc. Computer Science & Engineering | Uttara University, Dhaka — 01/2022 – 02/2024

PROFESSIONAL MEMBERSHIP

Member (M41712), The Institution of Engineers, Bangladesh (IEB), Electrical Engineering Division
