PROFILE

Highly motivated IT support professional with a proactive approach to learning and a passion for IT operations and system administration. Since 2024 I have supported enterprise clients in Berlin, from data centers to corporate offices and retail stores, with Windows 11, Microsoft 365 and network installations. I bring eight years of engineering project experience and an M.Sc. in Data Science. Eager to take on new challenges, I am looking for a full-time role in IT support or system administration where I can grow my technical skills and contribute to team success. Available immediately and open to relocation within Germany and internationally.
